

PATIENT ENDOSCOPY CHECKLIST

IMPORTANT POINTS TO REMEMBER/COMPLETE

- Females: must complete a Pregnancy Test 48-72 hrs prior to procedure date, except for those who are menopausal and have not had their menses for at least two years or have had a total hysterectomy. The Lab is located on the 2nd floor above Starbuck's.
- Patients having a Colonoscopy must pick up the Colonoscopy prep at the CRDAMC hospital pharmacy after they have been scheduled for their procedure
- If you are a patient receiving anesthesia, you must complete a pre-anesthesia visit prior to your procedure date. ***The ordering provider will inform you if this applies to your procedure.

***If you need to reschedule or cancel your appointment or have any medical questions about the instructions, please call (254)553-6547**
